ONE DAY WORKSHOP ON RESEARCH METHODOLOGY

JANUARY 20, 2024 Organized by

VSPM Academy of Higher Education Jawaharlal Nehru Arts, Commerce and Science College Wadi, Nagpur

About the Management

Founded in 1971, VSPM Academy of Higher Education in Nagpur aimed to address social issues within society. The visionary behind its establishment was the late Padmashree Smt. Kamlatai Hospet, a key figure in the movement for women's upliftment in the region. Following her passing, Hon'ble Ranjeetbabu Deshmukh, a distinguished social and political leader in Maharashtra, assumed leadership of the trust.

Under the influential guidance of Hon'ble Ranjeetbabu Deshmukh, the academy has been at the forefront of the education sector for over four decades. The academy oversees a comprehensive range of educational institutions, encompassing a Medical College, Dental College, Physiotherapy College, Nursing Institutes, Hospitals, and Degree Colleges offering programs in Arts, Commerce, Science, Business Management, Education, and Schools, totaling around 54 institutions in all.

About the Institution:

Established in 1990, Jawaharlal Nehru Arts, Commerce, and Science College is dedicated to achieving excellence in education. The institution is committed to fostering high academic and social capabilities among students, contributing to the growth and development of the rural population. Over the years, the college has flourished and expanded, akin to a sprawling tree, and currently boasts an enrollment of over a thousand students.

Objective of the Workshop

The research methodology workshop for students is expected to cover the fundamentals of research methodology, the formulation of research problem, formulation of research hypothesis and testing of hypothesis, conducting literature review, data collection methods, selection of appropriate parametric or non-parametric statistical method for analyzing data, and report writing etc.

One Day Workshop On Introduction to Intellectual Property Rights

Thursday, 20 April, 2023

Workshop Summary Report

Organized by

Internal Quality Assurance Cell in Collaboration with Department of Chemistry & Department of Library and Information Science.

About the Workshop

Ideas, innovation, and creative expression based on which the public is ready to confer the status of property have been classified as intellectual property rights (IPR). IPR give the inventors or developers of property certain exclusive rights in order to profit commercially from their creative or research work or reputation. Although India has joined the global patent system, academic institutions still lack knowledge and experience on the subject of intellectual property rights (IPR). For any educational institution to fulfil its objective of distributing knowledge and establishing a research base, it needs to maintain secrecy in connection with such information in order to file for IP registration. For universities, institutions, and colleges, maintaining a correct balance and fine tuning academic brilliance with academic integrity as well as the protection and utilization of IPR is becoming increasingly crucial. This not only helps in minimizing the extent of intellectual property crimes, which are increasing in the digital era, but also encourages the development of creative ideas and research by securing them. This workshop is a step towards raising awareness about IPR among the educational institutions in rural areas as well as acquainting the participants with the best practices for protecting IP violations and enforcing strong mechanisms for IPR filing
