About the Workshop

Ideas, innovation, and creative expression based on which the public is ready to confer the status of property have been classified as intellectual property rights (IPR). IPR give the inventors or developers of property certain exclusive rights in order to profit commercially from their creative or research work or reputation. Although India has joined the global patent system, academic institutions still lack knowledge and experience on the subject of intellectual property rights (IPR). For any educational institution to fulfil its objective of distributing knowledge and establishing a research base, it needs to maintain secrecy in connection with such information in order to file for IP registration. For universities, institutions, and colleges, maintaining a correct balance and fine tuning academic brilliance with academic integrity as well as the protection and utilization of IPR is becoming increasingly crucial. This not only helps in minimizing the extent of intellectual property crimes, which are increasing in the digital era, but also encourages the development of creative ideas and research by securing them. This workshop is a step towards raising awareness about IPR among the educational institutions in rural areas as well as acquainting the participants with the best practices for protecting IP violations and enforcing strong mechanisms for IPR filing

About Human Rights Human Dignity National Seminar

Human rights and human dignity are closely related concepts. Both ideas are intertwined in such a way that they cannot be grasped separately. The concept of human dignity is the basis for the idea that human rights are important and that everyone's rights must be respected. In this way, human dignity is considered to be the core of human rights. This seminar aims at deliberating the following questions in a larger perspective of human rights and human dignity

- Is the idea of human dignity actually universal?

The main aim of this seminar was to bring together leading academicians, researchers, Ph. D. Scholars, and students to exchange and share their experiences and research outputs on all aspects of Human Rights and Human Dignity.
